21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

17 responses

Everything was better

1. Teachers are always helping and kind.
2. Staff plays important role and the office staff is so helpful in our institute.
3. Proper facilities with great guidance.
Good Learning experience
Institution does the best for every students according to their comfort and requirement.

1. Proper infrastructure
2. College hours
3. Strict attendance system

Above points are to be noted for improvement.

1. Teachers are always helping and kind.
2. Staff plays important role and the office staff is so helpful in our institute.
3. Proper facilities with great guidance.
Institution does the best for every students according to their comfort and requirement.

Very nice supportive faculty no negative feedbacks

No suggestions

N/A

More time should be devoted to resolving their doubts.

Excellent

Change all the teachers
Don't give more kt to students for your profile
And don't give punishment to students while not attending the lecture (they give one two chapters to right at the eod and sell the college paper for the profile)

All is good

Observation is our professors try to give us the best and as always they give us the best

Give practical session to students more than theoretical knowledge.

Teachers can also take Assessment test after each lesson, so that they know students strengths and weakness.

Time efficiency
