Dr. S. Radhakrishnan Marg, Andheri (East), Mumbai 400 069.

Gender Equity Policy

The goal of this policy is to provide equity and parity for individuals of every gender. Typically, this involves taking steps to address the differences that exist between males, women, and non-binary people in terms of representation, opportunities, and treatment. It is crucial for establishing inclusive settings where everyone can prosper and completely contribute to society.

The college and all its stakeholders are dedicated to

- Encourage an environment that values equity.
- Encouraging everyone to have a constructive, knowledgeable, and accepting attitude.
- Establish a harassment- and discrimination-free atmosphere.

We commit ourselves to

- Offering training and educational programs to raise awareness about gender biases, stereotypes, and issues.
- Implementing in place systems for reporting harassment or discrimination based on gender and holding people and organizations responsible for their actions.
- Encouraging gender parity in positions of leadership, groups that make decisions, and other spheres of influence.
