1.4.1 – The institution obtains feedback on the syllabus and its transaction at the institution from the following stakeholders

1. Teachers
2. Employers
3. Alumni
4. Students

The feedback mechanism is carried out in the college systematically and in a well-structured way. It strives to be integrated and academic feedback is collected from students, alumni, teachers, employers, and parents. Gathered feedback is further analyzed and interpreted to understand the suggestions and views of stakeholders and implement changes and modifications whenever and wherever necessary. The feedback questionnaire is generated through Google Forms which is further handled online. The responses collected after filling out the Google forms online are analyzed using Microsoft Excel spreadsheets through data visualizations and analysis tools like graphs and charts.

ACTION TAKEN REPORT: A.Y. 2023-2024

Report of the actions taken

Sr No.	Stakeholder	Feedback	Action Taken
1.	Students	Difficult to understand technical language and concepts. Explanation should be in easy day to day language.	Technical concepts are elaborated with easy and lucid language followed by two way discussion between teacher and student. Also, revision lectures are scheduled to cope up with difficulties..
		Students asked that easier and more creative teaching strategies be used for their particular courses.	Teachers started providing free electronic resources (documents, videos, notes, and links) to students in order to keep the subjects straightforward and appealing for learning.
		Conduct more practical sessions. More activities should be conducted related to the subject for deeper understanding.	Seminars, webinars based on diverse topics related to field, career opportunities along with industrial visits and visits to research institutions are organised.
2.	Teachers	Teachers agree that the lab, playground, restrooms, and classrooms are all kept organised and cleaned.	The college grounds are consistently maintained. The college works to establish a pollution-free, ecologically sound environment.
		Teachers commented similarly, agreeing and strongly agreeing with the options the college offers for staff members' ongoing professional growth.	The college hosts research seminars and a variety of cultural events to inspire its faculty. Teachers are encouraged to take ongoing education courses in order to discover new strategies and concepts related to their professional growth and instruction.
3.	Alumni	Alumni highlighted that improvement is required in sports and cultural activities.	In addition to academia, the college hosts extracurricular competitions, sports days, and commemorative

			days to help students develop their talents.
		Alumni recommended organising webinars and seminars for students focused on careers as well as offering internship chances.	The college regularly arranges webinars and career counselling sessions with numerous industry professionals for all of its students in an effort to close the educational gap between academia and business. The faculty provides contacts of a number of organisations which offer internships to students so students can gain real-world experience.
4.	Employers	Opinion of student's employers in a) Employees have skill for the job they have been hired for: 100% of the employers agreed that employees have the skill for the job. b) Employees have soft skills and work ethics: 100% of the employers agreed that employees have soft skills and work ethics.	Throughout their education, students receive technical and soft skill training that helps them strengthen their personalities and technical expertise, preparing them for careers in a variety of fields.
5.	Parents	Opinion of parents in a) Quality of education: Excellent to very good to good is 98%. b) Parent's information regarding student's progress: 99% of parents were informed. c) Parent teacher meetings: 99% parents attend parent teacher meetings. d) Department staff and support: Excellent to very good to good is 99%. Average for 1%.	For students who perform poorly, remedial coaching is provided, and students' mental health concerns are addressed through counselling sessions. Regular one-on-one mentorship sessions with faculty members are scheduled. In order to educate and prepare students for the workforce, the college also offers additional courses.

ACTION TAKEN REPORT: A.Y. 2022-2023

Report of the actions taken

Sr No.	Stakeholder	Feedback	Action Taken
1.	Students	Students requested to implement ease and innovative methods of teaching for their respective courses.	To keep the subjects easy to understand, teachers started providing free e-resources (links, videos, notes, and documents) to students to engage them in education that could be simple and interesting in learning.
		Students asked teachers to make use of PowerPoint presentations during the lectures.	Teachers use ICT tools to upgrade student's learning methods. Faculties now use PowerPoint presentations to enhance learning outcomes.
		Students suggested they wanted more computer assisted learning.	A proper regular timetable has been scheduled for students to conduct the practical/ computer assisted teaching for better understanding.
2.	Teachers	Teachers equally responded to strongly agree and agree to the opportunities provided by the college for continuous development of staff.	The college motivates its teachers by organising various cultural programs and research seminars. Professors are motivated to enroll in continuing education courses in order to learn new approaches and gain new ideas on professional development and teaching.
		Teachers agree that rest rooms, toilets, laboratory, playground, classrooms are clean and well maintained.	The college campus is regularly cleaned. The college tries to create an environment which is sustainable and pollution free.
3.	Alumni	Alumni responded to the activities organised by the college for overall development of the learner as excellent, very good and good totalling to 85.4% remaining 14.6% expressed as fair.	Along with academics, the college celebrates commemorative days, intra- inter collegiate fests and sports day to improve the skills of students.
		Alumni suggested for organising career-oriented webinars and	College organises various career counselling sessions and webinars by

		seminars for students and also provide internships opportunities.	many industry experts for all its students on a regular basis to bridge the gap between academics and industry. College collaborates with various organisations for providing internship opportunities to its students to get hands-on practical knowledge.
		Alumni gave a suggestion to always protect students belonging from minorities and queer communities.	College admits students as per the Government guidelines for minority classes. Once admitted there is no discrimination between students and all are treated with equal respect.
4.	Employers	Students in their graduation year apply for employment in various companies including companies where our college's alumni are employed. Feedback received from the employers where our students are employed agrees that our students possess soft skills as well as technical skills required for their job role.	The students are given soft skills and technical training during their academics which helps them to develop their personality and technical knowledge which makes them job ready in various domains of their career.
5.	Parents	The parents felt that the quality of education provided by the college is excellent, very good and good totalling to 89.1% and average by 10.9%.	The college has developed an effective mechanism to increase the quality of education by catering to all possible ways. The college also conducts add-on courses for students to educate and make them employment worthy.
		Parents agree that their ward's continuous progress has been informed to them.	The college keeps the parents connected with the progress of their child. Parents can visit the college and meet their department HOD during working days and hours.

ACTION TAKEN REPORT: A.Y. 2021-2022

Report of the actions taken

Sr No.	Stakeholder	Feedback	Action Taken
1.	Students	Students expressed the need for more visual and practical examples to better understand the lecture content.	Teachers are incorporating visual elements like diagrams, charts, and videos into their lectures, making it easier for students to grasp key concepts.
		Students indicated that PowerPoint presentations could be more understandable.	Teachers have started working on creating more effective PowerPoint presentations to enhance the understanding of key concepts.
		One student requested for explanation in Hindi language during lectures.	Teachers used Hindi language in addition to English during lectures as a multilingual strategy in response to such feedback. With this approach, we hope to promote better understanding and engagement of students with the lecture content.
2.	Teachers	Teachers highlighted the potential of utilizing the campus space for innovative courses.	The college has started exploring the development of new and innovative courses that leverage the college's spacious campus.
		The availability of ICT-based teaching and learning tools is well received.	The college is undergoing a major ICT infrastructure upgrade, with new software, hardware, and expanded Wi-Fi. Additionally, teachers are being trained to become experts in using these tools effectively, paving the way for a more innovative and tech-driven learning environment.
		Teachers have acknowledged that the syllabi objectives are clear and well-defined.	The college continues to ensure clarity in our syllabi by regularly reviewing and updating them to align with current educational standards and industry requirements.

Laxmi Charitable Trust's
Sheth L.U.J. College of Arts & Sir M.V. College of Science & Commerce
Dr. S. Radhakrishnan Marg, Andheri (East), Mumbai 400 069.

3.	Alumni	Alumni have provided positive feedback on their learning experience at the college.	To further enhance the learning experience, the college has introduced more interactive and engaging teaching methods. This includes the integration of more practical, and hands-on learning opportunities.
		Alumni have provided valuable insights into the infrastructure and facilities.	Our college is committed to maintaining and improving the infrastructure. Also initiated upgrades to our laboratory equipment, expanded library resources, and refurbished classrooms to create a more conducive learning environment.
		Alumni suggested to include more industry-relevant seminars and workshops.	In response to this feedback, the college has scheduled a series of workshops and seminars on trending topics and industry demands. These include sessions on digital marketing, and other emerging fields relevant to the current job market. The college is also partnering with industry professionals to ensure the content is up-to-date and valuable for our students.
		Need more extracurricular activities, events, and better facilities for students.	Extracurricular activities have been expanded with more diverse events and better facilities.
4.	Employers	Employers have rated our students' skills for the hired job positively.	The college has conducted regular reviews of our curriculum to ensure alignment with industry demands and emerging trends, while also enhancing practical training opportunities, such as internships and industry projects, to provide hands-on experience in real-world scenarios.
		Employers appreciated our students' work ethics and soft talents.	The college has incorporated soft skills development modules into our curriculum, with a focused emphasis on communication,

Laxmi Charitable Trust's

			teamwork, problem-solving, and leadership. Additionally, we have actively involved students in various college events. These engagements have encouraged collaborative participation, nurturing effective teamwork abilities among our students.
5.	Parents	Parents appreciate being informed about their child's progress.	The college implemented a more robust and frequent communication system to keep parents informed about their child's academic progress. This includes regular progress reports, parent-teacher meetings, and updates via Google Classroom.
		Parents have generally expressed satisfaction with the department staff and their support.	To ensure continued support, the college has established additional training and development programs for our staff to enhance their skills in student support and counselling.
		Parents value the regular parent-teacher meetings.	To maintain and improve this practice, the college scheduled parent-teacher meetings more frequently throughout the academic year.
		Parents have provided positive feedback on the quality of education provided by the institution.	To further enhance the quality of education, the college introduced more interactive teaching methods and updated our curriculum to reflect the latest advancements in various fields.

ACTION TAKEN REPORT: A.Y. 2020-2021

Report of the actions taken

Sr No.	Stakeholder	Feedback	Action Taken
1.	Students	Students found the lecture to be really good and understandable, appreciating the instructor's clarity in conveying complex concepts.	The positive feedback from students regarding the lecturer's clarity and understandability was noted, affirming the effectiveness of the teaching approach.
		Students suggested incorporating more example based problems into the teaching approach to better prepare them to face interviews	Additional example based problems were integrated into the teaching approach to enhance clarity and assist students in navigating interview concepts more effectively.
2.	Teachers	Teachers acknowledged the availability of ICT-based teaching and learning facilities.	Upgradation of ICT infrastructure and provision of necessary resources ensured.
		Teachers confirmed that the college has a basic first aid kit to treat minor sports / accidental injuries.	The college keeps track of supplies, replacing used or expired items promptly.
3.	Alumni	Mentioned that better facilities could be provided.	Investment has been allocated for upgrading facilities based on identified needs. Cleaning schedules have been increased and staff have been trained on hygiene maintenance.
		Mentioned that the learning experience was "Excellent."	Additional practical sessions and guest lectures have been introduced to enrich learning.
4.	Employers	All of the respondents agreed that the employees possess the necessary skills for their hired job.	Maintained the hiring and training processes that have successfully equipped employees with the necessary skills. Continued

			to monitor and support employees to ensure skill proficiency remains high.
		All of the respondents agreed that the employees demonstrate strong soft skills and work ethics.	Continued to support a positive work environment that promotes the development of soft skills and strong work ethics. Regularly reinforced the importance of these attributes through training programs and internal communications.
5.	Parents	Majority of the responses rated the quality of education as "Very Good" and "Excellent" with occasional "Good" ratings. There was only one instance of an "Average" rating.	The college maintained the high standards that resulted in positive feedback. Follow-up discussions were conducted with students and parents who rated the quality of education as "Good" or "Average" to identify specific areas for improvement.
		Almost all responses indicated that continuous progress of the ward had been consistently informed to the parents.	The single instance where progress information was not communicated was promptly addressed. The protocol for regular updates on students' academic progress was reinforced to ensure all parents and students receive timely information.
		All indicated except one that Parent-Teacher meetings had been conducted regularly.	Implemented a feedback mechanism after each Parent-Teacher meeting to identify any gaps and improve future meetings. Increased the frequency and flexibility of meeting times to accommodate the schedules of all parents, ensuring broader participation.
