How you would like to voluntarily contribute as college alumni:

- Patron/Donor/Contributor
- Resource Person for Webinar/Seminar/Workshop/Special Education
- Association of your organization with college for students employment
- Association of your NGO with college
- Scholarship for Economically Backward Class(EBC) students
- Help to Library

34% would like to contribute by aiding the library, 20% opt for patron/donor/contributor roles, 13% prefer to offer scholarships for economically backward class (EBC) students, while the remaining percentages are distributed among other options such as acting as a resource person for webinars/seminars/workshops/special education (13%), facilitating the association of their organization with college student employment (13%), and associating their NGO with college initiatives (7%).

Any suggestions / comments:

Library should be a priority contribution

It is ok

The college should do more to help EBC students in getting education & not all of them should be helped

It is very good feature

The event should get into schedule

Let's have more of these events at year large scale
