Breast Cancer Awareness Seminar Feedback Report A.Y. 2023-24

25 Responses

Was there an increase in your awareness about breast cancer after attending the seminar?

Attendees responded that there awareness about breast cancer increased significantly after attending the seminar.

25 Responses

Will you be spreading the word on breast cancer awareness to your friends and family?

100% attendees responded that they will be spreading the awareness about breast cancer to their friends and family.

25 Responses

Will you be performing a breast self examination every month?

100% attendees responded that they will be performing a breast self examination every month.

Invitation for ACTREC's Open Day – Nov 30 & Dec 1, 2023

Dear HOD / Senior Faculty,

Advanced Centre for Treatment, Research, and Education in Cancer (ACTREC), established in 2001, serves as the distinguished research and development arm of the Tata Memorial Centre (TMC), situated in Kharghar, Navi Mumbai. ACTREC is wholly committed to the exploration and advancement of cancer research, with an emphasis on both fundamental and translational aspects of research.

The Center is organized into three pivotal units: a) Cancer Research Institute (CRI) whose primary focus lies on delivering a comprehensive doctoral program that attracts bright young minds from all corners of India. The institute accommodates a diverse spectrum of researchers, including post-doctoral fellows, summer trainees, as well as short and long-term trainees and interns. B) Clinical Research Centre (CRC) where our esteemed oncologists not only provide crucial clinical services to patients battling cancer but are also actively engaged in research activities and clinical trials, with a particular emphasis on addressing the distinctive requirements of cancer patients in India. C) The Cancer Centre for Epidemiology (CCE) is dedicated to studying the epidemiology of cancer in India. This involves comprehensive documentation of risk factors associated with cancer such as lifestyle choices, environmental factors, and genetic predispositions.

Collectively, these three units collaborate on various research initiatives, with the overarching goal of enhancing our understanding of cancer as a complex syndrome while striving to develop strategies that enhance the long-term survival rates of cancer patients.

ACTREC also has a mandate for education. As part of our commitment to fostering a culture of research and education in the field of cancer, ACTREC hosts an annual "Open Day" event for college students. This event provides a unique platform for students in their Bachelor's programs or pursuing Master's degrees, to experience first-hand experience of the ongoing research activities within our institution, interact with researchers, and observe unique research techniques.

For ACTREC Open Day - November 30 and December 1, 2023:
Participation Criteria: 15 students from the third year of Bachelor's degree programs or pursuing Master's degrees with one faculty member with the following details]: (a) College and department (b) Name and mobile number of HOD / Principal and accompanying faculty member (c) List of students [*format attached]
Deadline for official confirmation: Tuesday, November 15, 2023
Confirmation Email: scope@actrec.gov.in & stenopool@actrec.gov.in

During the last week of November 2023, this year's open-day demonstration details will be uploaded on the ACTREC website and the schedule will be informed to selected colleges by email. We believe that your participation will not only offer a unique learning opportunity for the students but also foster a spirit of collaboration and innovation in the vital field of cancer research.

With warm regards,

V. Prasanna

F.Y.B.Sc. Biotechnology Mathematics and Statistics Bridge Course Syllabus 2023-24 (As per University ordinance O.5108)

Course Objective: The objective of this course is to understand the basic concepts of mathematics and statistics applied in diverse areas of biotechnology such as biophysics, biostatistics and bioinformatics etc and to build a foundation for advanced studies in biotechnology.

Learning Outcomes: By the end of the course, the student will be able to:

- Develop an understanding of various topics of calculus and its functions.
- Discuss various aspects of matrices and variables.
- Gain the technical capability of solving distributions and programming.

Sr. No.	Topics to be Covered	No. of Lectures
1.	**Matrix:** Types of matrix, operations on matrix, Inverse of matrix using adjoint and elementary transformations, Determinant, Cramer's Rule.	03
2.	**LIMITS :** Limits of Functions, Factorization Methods, Rationalization Methods.	02
3.	**Differentiation:** First Principle of derivatives, Linear differential equations.	02
4.	**Integration :** Integration of Simple Functions	02
5.	**Random Variables :** Discrete and Continuous random variables, Probability Mass Function, Probability Density Function.	02
6.	**Distributions :** Discrete Uniform Distribution, Continuous Uniform Distribution, , Binomial Distribution, Exponential Distribution.	03
7.	**Linear Programming:** Formulation & Graphical solution to problems.	01

Subject: Permission for one day Industrial Visit to Adhani Thermal Power Station, Dahanu on Monday 12th February, 2024.

Respected Sir,

I am writing this letter on behalf of the IT department, seeking your permission to conduct an industrial visit to Adhani Thermal Power Station, Dahanu on Monday 12th February, 2024. ATPS, is one of the best power generation plants in the country and recognized with innumerable awards.

Three faculty members - Mrs. Sneha Gokarnkar, Ms. Merina Gheevarghese, Mr. Sumitkumar Tripathi, and fifty students would be enrolled in this IV. We ensure you that we will take care of all students during the visit to ATPS, Dahanu. Students will learn about the many components of a thermal power plant during this visit, and they will also get a hands-on experience at ideas that are included in their Green IT curriculum.

Thanking you in anticipation.

Yours Sincerely,
SSGokarnkar
(Co-ordinator, IT Department)

Course - IOT Based Automation
Syllabus

Day: 1 Duration: 4 Hours

1. Internet of Things, Components of IOT, Applications of IOT, Different types of Sensors, Actuators, Microcontrollers, Introduction to Node MCU microcontroller and Remote XY tool.

Day: 2 Duration: 8 Hours

2. Designing and implementation of Smart Air Quality Monitoring System
3. Designing and implementation of Home Automation

Day: 3 Duration: 6 Hours

4. Designing and implementation of Smart Door
5. Designing and implementation of Motion Activated Night Lights.

Day:4 Duration: 2 Hours

6. Test
7. Session Conclusion

Course Takeaways:

- Understood IOT systems and their applications, Learned various types of sensors, actuators, and microcontrollers. Learned features and pin configurations of ESP8266 Node MCU Board, Interfacing of Nde MCU with Remote XY tool. (Day 1)
- Designed and implemented Smart Air Quality Monitoring System (Day 2)
- Designed and implemented a Home Automation System (Day 2)
- Designed and implemented Smart Door (Day 3)
- Designed and implemented Motion Activated Night Lights System (Day 3).
- Q and A Session, Test Taken. (Day 4)

7th November 2022

Invitation for ACTREC's Open Day – 1st and 2nd December 2022

Dear HOD / Senior Faculty,

Advanced Centre for Treatment, Research and Education in Cancer (ACTREC) is the R&D wing of the Tata Memorial Centre (TMC) established at Kharghar, Navi Mumbai in 2002. ACTREC comprises of Cancer Research Institute (CRI), Clinical Research Centre (CRC) and Centre for Cancer Epidemiology (CCE). The mandate of ACTREC is to conduct basic and translational research that contributes to our understanding of cancer as a disease and use this knowledge to manage the disease and ultimately find a cure.

The Centre's unique strength and attraction is research in Cancer. The academic endeavours at CRI, primarily a doctoral program, attracts young talent from all over India. Along with this, the research undertaken in various laboratories contribute by post-doctoral fellows, summer trainees, short and long term trainees and interns. Oncologists at CRC provide excellent service to the Cancer patients. They are also actively involved in research activities and clinical trials which keep in mind the unique requirements of the cancer patients in India. CCE is the rejuvenated epidemiology centre excels in studies involving cancer burden in India, identifying risk factors related to life style and genetics.

One of the mandate of ACTREC is education. Every year, ACTREC hosts an Open Day event for two days in November/ December for college students who aspire to become a researcher. It is an opportunity for the students to get an exposure and experience the LIVE research laboratories of the centre. Visiting students will get a chance to interact with researchers, observe few unique techniques in the research environment.

We are pleased to invite you to participate in ACTREC Open Day which is going to be held between 1st and 2nd of December 2022.

In the Open Day, we allow 15 students who are in their Bachelor's (year 3) or Master's degree program of the college. They must be accompanied by one faculty member. Confirm your participation of ACTREC Open Day at the earliest (no later than **Tuesday, 15th November 2022**) to scope@actrec.gov.in; stenopool@actrec.gov.in; mentioning: (a) College and department, (b) name and mobile number of the accompanying faculty, and (c) names of 15 students and their class and year. [*Format attached]. Upon receiving this information, the date and time of your visit and other details will be communicated to you **in the last week of November 2022.**

Details about this year's demonstrations will be uploaded on website and will be informed soon.

We look forward to your active participation in the ACTREC Open Day programme.

With warm regards,

DR. PRASANNA VENKATRAMAN

F.Y.B.Sc. Biotechnology Mathematics and Statistics Bridge Course Syllabus 2022-23 (As per University ordinance O.5108)

Course Objective: The objective of this course is to understand the basic concepts of mathematics and statistics applied in diverse areas of biotechnology such as biophysics, biostatistics and bioinformatics, etc and to build a foundation for advanced studies in biotechnology.

Learning Outcomes: By the end of the course, the student will be able to:

- Develop an understanding of various topics of calculus and its functions.
- Discuss various aspects of matrices and variables.
- Gain the technical capability of solving distributions and programming.

Sr. No.	Topics to be Covered	No. of Lectures
1.	**Matrix:** Types of matrix, operations on matrix, Inverse of matrix using adjoint and elementary transformations. Determinant, Cramer's Rule.	03
2.	**LIMITS :** Limits of Functions, Factorization Methods, Rationalization Methods.	02
3.	**Differentiation:** First Principle of derivatives, Linear differential equations.	02
4.	**Integration :** Integration of Simple Functions	02
5.	**Random Variables :** Discrete and Continuous random variables, Probability Mass Function, Probability Density Function.	02
6.	**Distributions :** Discrete Uniform Distribution, Continuous Uniform Distribution, , Binomial Distribution, Exponential Distribution.	03
7.	**Linear Programming:** Formulation & Graphical solution to problems.	01
